Hi Diana – Yes, I have the original request from CDPHE, which deals with the state’s concerns about the removal action at the VB/I-70 site and the potential impact of that work on the state’s Hazardous Substance Response Fund. Our response to the state’s request is dependent upon a records search that the Superfund Legal Enforcement program is conducting, which is not yet complete. We will need another extension, due primarily to the shutdown, but also to the extensive number of records we need to review. I’ve copied Andrea Madigan here, so we can develop a reasonable estimate for a new due date.

Thanks,
Steve

Steve,

I am looking for this final response on the "CDPHE," from Martha Rudolph, Director of Environmental Programs, CDPHE. Attempting to locate this document.

My corresponding notes indicate that you might have the file.

Please advise.

Thank you.

Diana

Missy,

What is the new due date on R8-19-000-0736? Sorry for the incorrect "29," part.

Diana

Hi Missy – Please see Mark Chalfant’s response below. The Superfund Remedial Program managers have had discussions with their CDPHE counterparts on this issue, so I don’t believe that an interim response is warranted in this case. If possible, we would like to extend the due date for this response to January 31, 2019.

Please let us know.

Thanks,
Steve

Steve,

We are making headway on the FOIA which will inform the response to Ms. Rudolph. I see the current deadline is tomorrow. Have you requested an extension? I don’t anticipate that we will be in a position to respond substantively until the end of January. If it would be helpful, I would be happy to draft an interim response, which acknowledges the letter and explains that a substantive response is forthcoming.

Thanks,
Mark

Diana - The response is dependent upon a records search the CERCLA Legal Enforcement Program is conducting. They are still a ways from completing that search, so we will need another extension.

Please let me know if you have any questions.

Thanks,
Steve

I don't have anything. I still have it listed as "pending" in the system.

Dear Missy and Steve:

I am looking for the final response to the Colorado Department of Public and Health/Environment document. I do not need the CMS Control sheet, I have this, and I have the letter Ms. Martha Rudolph wrote to Bill Murray.

I am in need of the response letter; signed by Steve Wharton or Betsy.

Steve,

My notes indicate that you previously requested for a 3-week extension on the file which will be 12/04/2018? Who has responded to this document? Did it get to Betsy?

Missy,

I am hoping if the file-doc is already closed out, I am needing the response letter to Martha Rudolph.

Will Missy and Steve please inform me.

Thank you.

Diana
